BBH Solutions

Named to CRN's MSP 500 List for 2025

MSP
500

2025

BBH Solutions, Inc., announced today that CRN®, a brand of The Channel Company, has recognized BBH Solutions, Inc. on its Managed Service Provider (MSP) 500 list in the Security 100 category for 2025. This marks the fifth consecutive year that BBH has been named to this exclusive list of Managed Security Service Providers (MSSPs).

CRN's annual MSP 500 list is a comprehensive guide to the leading MSPs in North America. These companies deliver essential managed services that enhance business efficiency, simplify IT, and optimize return on technology investments for their customers.

The annual MSP 500 list is divided into three sections: the Pioneer 250, which recognizes MSPs focused on the small-and-midsize-business market; the Elite 150, recognizing MSPs with a blend of on- and off-premises services for mostly midmarket and enterprise customers; and the Managed Security 100, spotlighting MSPs with cloud-based security services expertise.

The MSP 500 list showcases and celebrates MSPs that are driving growth and innovation. These solution providers empower businesses with complex technologies so they can achieve their business goals without stretching financial resources.

BBH's selection to the Managed Security 100 reflects its commitment to delivering comprehensive cybersecurity and IT compliance solutions that help organizations meet regulatory requirements and strengthen their security posture. With a SOC 2 Type 2 attestation and deep expertise in security best practices, BBH provides tailored services that enable businesses to maintain compliance with confidence allowing them to focus on growth.

"The solution providers on our 2025 MSP 500 list deliver innovative managed services portfolios that enable clients of every size to be more agile and optimize their IT budgets as they grow their business," said Jennifer Follett, VP of U.S. Content and executive Editor CRN, at The Channel Company. "These are the companies that anticipate client tech needs and develop groundbreaking services and solutions that let customers focus on their core business so they can accelerate success."

"Being recognized on the Managed Security 100 list is a testament to our commitment to delivering top-tier cybersecurity and IT compliance solutions," said Bruce Hoernecke, President and CEO of BBH Solutions. "As cyber threats evolve and economic pressures mount, businesses need security partners who not only protect their environments but also provide the strategic guidance to navigate complexity. Our SOC 2 Type 2 attestation, client-focused approach, and investment in emerging technologies like AI ensure we continue delivering exceptional value and security to our clients."

The MSP 500 list will be featured in the February 2025 issue of CRN Magazine and online at www.crn.com/msp500 beginning February 10.
